MICROSOFT CORPORATION,

Plaintiff,

v.

JOHN DOES 1-11 CONTROLLING A
COMPUTER BOTNET THEREBY
INJURING MICROSOFT AND ITS
CUSTOMERS,

Defendants.

Case No. 2:11-cv-00222

**SECOND AMENDED [PROPOSED]
EX PARTE TEMPORARY
RESTRAINING ORDER, SEIZURE
ORDER AND ORDER TO SHOW
CAUSE RE PRELIMINARY
INJUNCTION**

****FILED UNDER SEAL****

Plaintiff Microsoft Corporation ("Microsoft") has filed a complaint for injunctive and other relief pursuant to: (1) the Computer Fraud and Abuse Act (18 U.S.C. § 1030); (2) the CAN-SPAM Act (15 U.S.C. § 7704); (3) the Lanham Act (15 U.S.C. §§ 1114(a)(1), 1125(a), (c)); and (4) the common law of trespass, conversion and unjust enrichment. Microsoft has moved *ex parte* for an emergency temporary restraining order and seizure order pursuant to Rule 65(b) of the Federal Rules of Civil Procedure, 15 U.S.C § 1116(d) (the Lanham Act) and 28 U.S.C. § 1651(a) (the All Writs Act), and an order to show cause why a preliminary injunction should not be granted.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

Having reviewed the papers, declarations, exhibits, and memorandum filed in support of Microsoft's Application for *Ex Parte* Temporary Restraining Order, *Ex Parte* Seizure and Order

cc to [unclear] [unclear] [unclear] [unclear]

1 to Show Cause Re Preliminary Injunction (“TRO Application”), the Court hereby makes the
2 following findings of fact and conclusions of law:

3 1. This Court has jurisdiction over the subject matter of this case and there is good
4 cause to believe that it will have jurisdiction over all parties hereto; the Complaint states a claim
5 upon which relief may be granted against the Defendants under the Computer Fraud and Abuse
6 Act (18 U.S.C. § 1030); CAN-SPAM Act (15 U.S.C. § 7704); the Lanham Act (15 U.S.C. §§
7 1114, 1125); and the common law of trespass to chattels, conversion and unjust enrichment.

8 2. Microsoft owns the registered trademarks “Microsoft,” “Windows,” and “Hotmail”
9 used in connection with its services, software, and products.

10 3. There is good cause to believe that Defendants have engaged in and are likely to
11 engage in acts or practices that violate the Computer Fraud and Abuse Act (18 U.S.C. § 1030);
12 CAN-SPAM Act (15 U.S.C. § 7704); the Lanham Act (15 U.S.C. §§ 1114, 1125); and the
13 common law of trespass to chattels, conversion and unjust enrichment, and that Microsoft is,
14 therefore, likely to prevail on the merits of this action.

15 4. There is good cause to believe that, unless the Defendants are restrained and
16 enjoined by Order of this Court, immediate and irreparable harm will result from the Defendants’
17 ongoing violations of the Computer Fraud and Abuse Act (18 U.S.C. § 1030); CAN-SPAM Act
18 (15 U.S.C. § 7704); the Lanham Act (15 U.S.C. §§ 1114, 1125); and the common law of trespass
19 to chattels, conversion and unjust enrichment. The evidence set forth in Microsoft’s Application
20 for an Emergency Temporary Restraining Order, Seizure Order and Order to Show Cause Re
21 Preliminary Injunction (“TRO Motion”), and the accompanying declarations and exhibits,
22 demonstrates that Microsoft is likely to prevail on its claim that Defendants have engaged in
23 violations of the foregoing laws by: (1) intentionally accessing and sending malicious software to
24 Microsoft’s and its customers’ protected computers and operating systems, without authorization,
25 in order to infect those computers and make them part of the botnet; (2) sending malicious
26 software to configure, deploy and operate a botnet; (3) sending unsolicited spam e-mail to
27 Microsoft’s Hotmail accounts; and (4) sending unsolicited spam e-mails that falsely indicate that
28 they are from or approved by Microsoft and that promote counterfeit pharmaceuticals and other

1 fraudulent schemes. There is good cause to believe that if such conduct continues, irreparable
2 harm will occur to Microsoft and the public, including Microsoft's customers. There is good
3 cause to believe that the Defendants will continue to engage in such unlawful actions if not
4 immediately restrained from doing so by Order of this Court.

5 5. There is good cause to believe that immediate and irreparable damage to this
6 Court's ability to grant effective final relief will result from the sale, transfer, or other disposition
7 or concealment by Defendants of the botnet command and control software that is hosted at and
8 otherwise operates through the Internet Protocol (IP) addresses listed in Appendix A and the
9 Internet domains at issue in Microsoft's TRO Application and from the destruction or
10 concealment of other discoverable evidence of Defendants' misconduct available at those
11 locations if the Defendants receive advance notice of this action. Based on the evidence cited in
12 Microsoft's TRO Application and accompanying declarations and exhibits, Microsoft is likely to
13 be able to prove that: (1) the Defendants are engaged in activities that directly violate U.S. law
14 and harm Microsoft and the public, including Microsoft's customers; (2) the Defendants have
15 continued their unlawful conduct despite the clear injury to the foregoing interests; (3) the
16 Defendants are likely to delete or relocate the botnet command and control software at issue in
17 Microsoft's TRO Application and the harmful, malicious, and trademark infringing software
18 disseminated through these IP addresses and domains and to warn their associates engaged in such
19 activities if informed of Microsoft's action. Microsoft's request for this emergency *ex parte* relief
20 is not the result of any lack of diligence on Microsoft's part, but instead is based upon the nature
21 of Defendants' unlawful conduct. Therefore, in accordance with Fed. R. Civ. P. 65(b) and 15
22 U.S.C. § 1116(d), good cause and the interests of justice require that this Order be Granted
23 without prior notice to the Defendants, and accordingly Microsoft is relieved of the duty to
24 provide the Defendants with prior notice of Microsoft's motion.

25 6. There is good cause to believe that the Defendants have engaged in illegal activity
26 using the data centers and/or Internet hosting providers identified in Appendix A to host the
27 command and control software and the malicious botnet code and content used to maintain and
28 operate the botnet at computers, servers, electronic data storage devices or media at the IP

1 addresses identified in Appendix A.

2 7. There is good cause to believe that to immediately halt the injury caused by
3 Defendants, Defendants' IP addresses identified in Appendix A must be immediately disabled;
4 Defendants' computing resources related to such IP addresses must be disconnected from the
5 Internet; Defendants must be prohibited from accessing Defendants' computer resources related
6 to such IP addresses; and to prevent the destruction of data and evidence located on those
7 computer resources.

8 8. There is good cause to believe that to immediately halt the injury caused by
9 Defendants, and to ensure that future prosecution of this case is not rendered fruitless by attempts
10 to delete, hide, conceal, or otherwise render inaccessible the software components that distribute
11 unlicensed copies of Microsoft's registered trademarks and carry out other harmful conduct, with
12 respect to Defendants' most current, active command and control IP addresses hosted at data
13 centers operated by ECommerce, Inc.; FDCservers.net, LLC; Wholesale Internet, Inc.; Burstnet
14 Technologies, Inc. d/b/a Network Operations Center, Inc.; and Softlayer Technologies, Inc., the
15 United States Marshals Service in the judicial districts where the data centers are located should
16 be directed to seize, impound and deliver into the custody of third-party escrow service Stroz
17 Friedberg, 1925 Century Park East, Suite 1350, Los Angeles, CA 90067, all of Defendants'
18 computers, servers, electronic data storage devices, software, data or media associated with the IP
19 addresses listed in Appendix A.

20 9. There is good cause to believe that the Defendants have engaged in illegal activity
21 using the Internet domains identified at Appendix B to this order to host the command and control
22 software and content used to maintain and operate the botnet. There is good cause to believe that
23 to immediately halt the injury caused by Defendants, each of Defendants' current and prospective
24 domains set forth in Appendix B must be immediately made inaccessible, and/or removed from
25 the Internet zone file.

26 10. There is good cause to direct that third party data centers, hosting providers and
27 Internet registries/registrars reasonably assist in the implementation of the Order and refrain from
28 frustrating the implementation and purposes of this Order, pursuant to 28 U.S.C. § 1651(a) (the

1 All Writs Act).

2 11. There is good cause to believe that if Defendants are provided advance notice of
3 Microsoft's TRO Application or this Order, they would move the botnet infrastructure, allowing
4 them to continue their misconduct and would destroy, move, hide, conceal, or otherwise make
5 inaccessible to the Court evidence of their misconduct, the botnet's activity, the infringing
6 materials, the instrumentalities used to make the infringing materials, and the records evidencing
7 the manufacture and distributing of the infringing materials.

8 12. There is good cause to permit notice of the instant order, notice of the Preliminary
9 Injunction hearing and service of the Complaint by formal and alternative means, given the
10 exigency of the circumstances and the need for prompt relief. The following means of service are
11 authorized by law, satisfy Due Process, satisfy Fed. R. Civ. Pro. 4(f)(3), and are reasonably
12 calculated to notify defendants of the instant order, the Preliminary Injunction hearing and of this
13 action: (1) personal delivery upon defendants who provided to the data centers and Internet
14 hosting providers contact information in the U.S.; (2) personal delivery through the Hague
15 Convention on Service Abroad or other treaties upon defendants who provided contact
16 information outside the United States; (3) transmission by e-mail, facsimile, and mail to the
17 contact information provided by defendants to the data centers, Internet hosting providers, and
18 domain registrars who host the software code associated with the IP addresses in Appendix A, or
19 through which domains in Appendix B are registered; and (4) publishing notice to the Defendants
20 on a publicly available Internet website.

21 13. There is good cause to believe that the harm to Microsoft of denying the relief
22 requested in its TRO Application outweighs any harm to any legitimate interests of Defendants
23 and that there is no undue burden to any third party.

24 **TEMPORARY RESTRAINING ORDER AND SEIZURE ORDER**

25 **IT IS THEREFORE ORDERED** as follows:

26 A. Defendants, their representatives and persons who are in active concert or
27 participation with them are temporarily restrained and enjoined from intentionally accessing and
28 sending malicious software to Microsoft's and its customers' protected computers and operating

1 systems, without authorization, in order to infect those computers and make them part of the
2 botnet; sending malicious software to configure, deploy and operate a botnet; sending unsolicited
3 spam e-mail to Microsoft's Hotmail accounts; and sending unsolicited spam e-mail that falsely
4 indicate that they are from or approved by Microsoft; or undertaking any similar activity that
5 inflicts harm on Microsoft or the public, including Microsoft's customers.

6 B. Defendants, their representatives and persons who are in active concert or
7 participation with them are temporarily restrained and enjoined from configuring, deploying,
8 operating or otherwise participating in or facilitating the botnet described in the TRO Application,
9 including but not limited to the command and control software hosted at and operating through the
10 IP addresses and domains set forth herein and through any other component or element of the
11 botnet in any location.

12 C. Defendants, their representatives and persons who are in active concert or
13 participation with them are temporarily restrained and enjoined from using the trademarks
14 "Microsoft," "Windows," "Hotmail," and/or other trademarks; trade names; service marks; or
15 Internet Domain addresses or names; or acting in any other manner which suggests in any way
16 that Defendants' products or services come from or are somehow sponsored or affiliated with
17 Microsoft, and from otherwise unfairly competing with Microsoft, misappropriating that which
18 rightfully belongs to Microsoft, or passing off their goods as Microsoft's.

19 D. Defendants, their representatives and persons who are in active concert or
20 participation with them are temporarily restrained and enjoined from infringing Microsoft's
21 registered trademarks, Registration Nos. 1200236, 2165601, 2463510 and others.

22 E. Defendants, their representatives and persons who are in active concert or
23 participation with them are temporarily restrained and enjoined from using in connection with
24 Defendants' activities any false or deceptive designation, representation or description of
25 Defendants' or of their representatives' activities, whether by symbols, words, designs or
26 statements, which would damage or injure Microsoft or give Defendants an unfair competitive
27 advantage or result in deception of consumers.

28 F. Defendants' materials bearing infringing marks, the means of making the

1 counterfeit marks, and records documenting the manufacture, sale, or receipt of things involved in
2 such violation, in the possession of data centers operated by ECommerce, Inc., FDCServers.net
